Subject: Concerns regarding AO Smith RO apparatus

Hi Cameron,

As part of our due diligence, Barb Theis today contacted Glen Schlueter of the Department of Safety and Professional Services, regarding the RO systems and particularly the AO Smith product. She came across several matters of real concern, and I am going to attach to this email a copy of her notes from the conversation. I think that's the best way to share this with you efficiently.

I have been meeting with Juneau County staff about many aspects of this, and Peter Kastenholz is also conferring with the Wood County staff. I will be ready soon to talk to you again about a suggested initial MOU to be reached as soon as possible and plans for a future and final one. I will be out of the office most of the time through the end of this week. But I wanted to let you know of the attached concerns ASAP.

Our immediate concern is to have us continue to go forward with providing bottled water while we are sorting everything else out.

My best,

David
